WSP Vessel and Terminal Security Division Survey

The Washington State Patrol Vessel and Terminal Security Division is once again conducting a survey of our citizens who use the state ferry system.

The purpose of this survey is to collect data about our screening process, visibility at the terminal, professionalism and our overall performance.

We will begin distributing this survey at various terminals and vessels beginning June 27.

This survey is also available online on our website at:

http://www.wsp.wa.gov/comunity/_survey/vatsurvey.htm

We encourage our citizens to participate in this survey and give us feedback as to how we can better serve them.
